

DPD-6539-59

30 September 1959

Dear Mike,

We are forwarding under separate cover to you an attache case which you asked for some months ago. It is being mailed to you together with the memos of understanding which were not available when the C and A forms were sent you. It is requested that you make out a receipt for this briefcase and after signing it forward it to headquarters. For your information the combination is 1, 2, 3.

Also, I just noticed a wire you sent in concerning the down South. He has been briefed C and A and by all means contact him as soon as possible. I gave him your name and told him you would be in touch with him concerning the emergency procedures to be followed in event of an abort.

25X1A

Take it easy and I'll see you one of these days.
